ORDER:-

The Computerization was introduced in Registration and Stamps Department in the year 1999. The Registration process in all the Sub Registrar Offices is being done through computers and all the offices are net worked . Initially, the computerization is in client –server architecture and the Registrations are being done in the jurisdiction of Sub Registrar Offices which forced the registering public to visit that particular office. Now, it is migrated to CARD central architecture. The department has amalgamated the offices of the Sub Registrars within the districts and introduced “Anywhere Registration within the registration district” by designating all the Sub Registrars in the district as Joint Sub-Registrars. Now, in order to provide more convenience to the public, it is proposed to introduce “Anywhere Registration with in the State” to facilitate the registering public to get their documents registered in any the Sub Registrar Offices at their choice in the State.

2 Accordingly, the Commissioner and Inspector General (Registration & stamps) Andhra Pradesh in his letter 3rd read above, has submitted necessary proposals to introduce “ Anywhere Registration throughout the State” across the districts without reference to jurisdiction of the Sub Registrar Offices and to appoint the Additional Inspector General of Registration and Stamps as Registrar.

3 Government after careful examination hereby accept the above proposals. Accordingly, the following Notification shall be published in an Extra Ordinary Issue of the Andhra Pradesh Gazette, dated 04-01-2015.
